

Tax Associate Luxembourg

We are Eversheds Sutherland, a global law firm, with 5,000+ colleagues in more than 30 countries. We're full service with deep niche and sector experience.

Our team

Due to our continued growth, we are recruiting an Associate to join our Tax team in Luxembourg.

The Luxembourg office is part of Eversheds Sutherland's wider Benelux offering, which also includes our teams in Brussels and the Netherlands. As a fast-growing and ambitious practice, the Benelux team advises clients on both domestic and international matters, working closely with colleagues across the global Eversheds Sutherland network.

This is an exciting opportunity to work directly with one of our Partners, Rafael Moll de alba, who is recognised for his deep expertise in tax structuring for investment funds, corporations and private clients. Rafael also advises in merger and acquisition transactions, finance transactions, and in tax reporting compliance matters (such as CRS, FATCA and DAC 6).

Role and key responsibilities

The successful candidate will work closely with Rafael and two other team members on a broad range of tax matters.

Our dynamic tax team has built its reputation on a strong practice in corporate M&A and restructuring, investment management, fintech's and tax planning aspects of international holding and financing structures. Our focus is helping our clients to achieve their objectives in a tax-efficient manner, in full compliance with the latest Luxembourg and EU tax developments.

You will be involved in tax advisory projects for both national and international clients, identifying tax issues in light of recent developments. The role includes close collaboration with other practice areas and international offices, as well as direct client and advisor contact.

Skills and experience

We are looking for:

- You have a least a four year university degree in law, economics, accounting or finance, ideally with a tax specialisation.
- You have between one to five years of experience in tax in a law firm, accounting firm or a financial services company in Luxembourg.
- You have professional proficiency in English and French. German, Luxembourgish, Spanish or any other language will be considered an asset.
