

## Associate – Web 3 / Corporate

### Job Description

**Job title:** Associate (m/f)

**Department :** Corporate

**Jurisdiction:** Luxembourg

Our future leaders work closely with partners and clients and help to shape what we do and how we do it – our latest opportunity in our Luxembourg Banking and Finance team is the perfect platform for success.

### About the Role

- We are looking for a talented and entrepreneurial Web3 Lawyer to join our Luxembourg corporate team. You will advise clients at the cutting edge of crypto-assets, blockchain, and fintech regulation, while also supporting the team on more general corporate and transactional matters.
- This is an exciting opportunity to help shape the legal frameworks of the future while being part of a dynamic international law firm with a strong presence in corporate and regulatory matters.

### Key Responsibilities

- Advise on EU and Luxembourg regulatory frameworks applicable to digital assets, including MiCA (Markets in Crypto-Assets Regulation), DORA, AML/CFT requirements, and related financial services laws.
- Draft, review, and negotiate crypto-related agreements (token issuance, custody, exchange, staking, investment, and financing arrangements).
- Assist clients with licensing applications and regulatory engagement before the CSSF and other EU regulators.
- Support on corporate structuring and governance for Web3 and fintech projects, including DAOs, tokenised funds, and blockchain-based ventures.
- Work as part of the corporate team on broader mandates, including M&A, private equity, joint ventures, reorganisations, and general corporate law matters.
- Stay on top of market developments in blockchain, DeFi, NFTs, stablecoins, and tokenisation to provide proactive, strategic advice.
- Collaborate with colleagues across corporate, finance, funds, and dispute resolution teams to deliver integrated solutions.

## Requirements

- Qualified lawyer in Luxembourg or another EU jurisdiction
- 2–4 years' experience in corporate, regulatory law or technology law. Prior exposure to crypto, fintech, or blockchain matters is a strong advantage.
- Strong knowledge of EU regulatory frameworks (MiFID II, AMLD5/6, MiCA, DORA, PSD2, etc.).
- Demonstrated interest in Web3, digital assets, and emerging technologies.
- Excellent legal drafting and communication skills in English and French - German would be an asset.
- Proactive, entrepreneurial mindset with the ability to work in a fast-paced and innovative environment.
